# About Us

Fe league is an inclusive community of corporate, agency, and entrepreneurial leaders across a variety of industries and seniorities who are invested in improving representation and gender equity.

Our purpose is to welcome all to pave more paths by making space for meaningful community, content, and coaching through monthly virtual events, in-person gatherings, co-leagues (small peer groups for mentorship/reverse mentorship and coaching), give-back experiences, and curated member subscription boxes featuring women authors and women-made products.

## **We offer:**

- Mentoring & Reverse Mentoring Opportunities
- Events, Panels, Fireside Talks, and Workshops
- A Dynamic Virtual Member Portal
- Nonprofit Giveback Opportunities

For more information, visit [www.feleague.com](http://www.feleague.com).

# Our Community

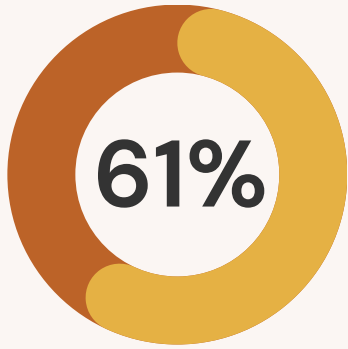

We proudly partner with these 3 key nonprofits that are uplifting women in our communities, our policies, and our board rooms:

# Advancing Women Drives Business Results

Sources: Forbes, McKinsey, Harvard Business Review, International Labour Association, IBM

Organizations committed to women's advancement experience up to **61% higher revenue growth** compared to their industry competitors.

**+54%**

Boost in creativity

**+50%**

Boost in performance & profit

Companies with more women in leadership positions could see share **performance and profits that are almost 50% higher** than those with fewer.

Gender-inclusive organizations see a remarkable **54% boost in creativity, innovation, and openness.**

Since entering the workforce, women have faced cultural and systemic hurdles, and research shows that **forming close connections with women in related fields can help them overcome some of those challenges.**

**Women need a community of contacts.**

Research shows that, to achieve the executive positions with the highest levels of authority and pay, women need more than just a well-connected network, but also a community of women contacts.

# The Member Experience

The more you stack on, the more accelerated your growth.

# About Co-leagues

Co-leagues are intended to enable deeper connection and engagement for our Fe League members in a smaller group setting. The benefit allows for a more intimate mentoring and networking opportunity that will lift and foster growth – a main tenet of our purpose and mission.

- Small, intimate groups of 7-10
- Facilitated by a BOD member or a C-level champion
- Meet 1 hour per month; about 10X per year
- Diversity of experience, level, and industry

# Co-league Testimonials

**Elisia Keown**

Being a part of Co-league has been amazing. I think some of us are missing a sense of community, and we are all craving connection —so the ability to take a break from the day-to-day routine and have a chance to get to know a group of amazing leaders has been so refreshing. It's a mix of intellectual & interesting conversation- we tackle some of the more heavy topics, but also keep it light and fun.

**Samantha McAlister**

"This year Fe has launched Co-leagues which are smaller groups led by a C-Fe member which enables deeper connection and discussion, allowing you to grow your network of influence.

We've already had virtual and in-person meetings and the smaller group really allows for more vulnerable discussion and connection."

# The Fe Coaching Experience

Introducing personalized 1:1 coaching fueled by Fe league!

The Fe 1:1 coaching program offers our Fe and C-Fe members the opportunity to build relationships with certified coaches who are part of Fe league's circle of trusted advisors, collaborators, partners, and board members.

Our coaching is provided from a unique women-centric perspective with Fe league's signature kindness, relatability, and action-oriented approach to growth and development.

# The Fe Coaching Experience

Fe's 1:1 coaching program includes four signature focus areas:

## Wellbeing

Building the tools to maintain our wellbeing as we climb in our careers is essential for resilience and longevity.

## The Business

Growing the skillset to navigate business architectures, strategies, topics, and politics with confidence and advocacy for our point of view.

## Equity

Developing greater ways to expand our understanding, empathy, advocacy, and allyship as leaders to drive equity for ourselves and others as we move throughout our career and accumulate influence.

## Innovation

Inspiring new ways of thinking about opportunities, challenges, and the future of our careers.

Fe's 1:1 coaching program can help navigate topics with a trusted advisor like career path, leading a team, executive presence, managing up, presentation skills, setting a strategy, work-life blend, time management, and more.

# Corporate ERGs + In-House Programming

Launch, renew, or refresh your in-house ERGs with expert-led support, programming, and content from Fe league.
